

At Eden Village Preparatory School, we provide a quality and affordable mainstream education to children from Grades 1-7. Limited to two classes per grade, with between 18 and 22 pupils per class, Eden Village Prep provides a highly personalised teaching experience for pupils to thrive in the opportunities created by a smaller class environment. With our smaller class sizes, and a focus on differentiated teaching techniques and learning styles, we encourage pupils to develop learner agency - ownership and control of their learning - thus challenging each child to reach their full potential.
